

Correction to Commentary “Community care at scale: Singapore’s Active Ageing Centres 2.0 as a model for healthy ageing” [Ann Acad Med Singap 2025;54:779]

The authors have made two corrections to the names of programmes in the publication of the review article.

Currently, HPB programmes are hosted in AACs and may draw in participants to join other AAC activities. These include Healthy Ageing Promotion Programme for You (HAPPY),³⁶ which focuses on physical activity and healthy lifestyle habits, and Steady Lah,³⁷ which emphasises strength training and nutrition education for older adults.

The authors would like to apologise for any inconvenience caused.
