

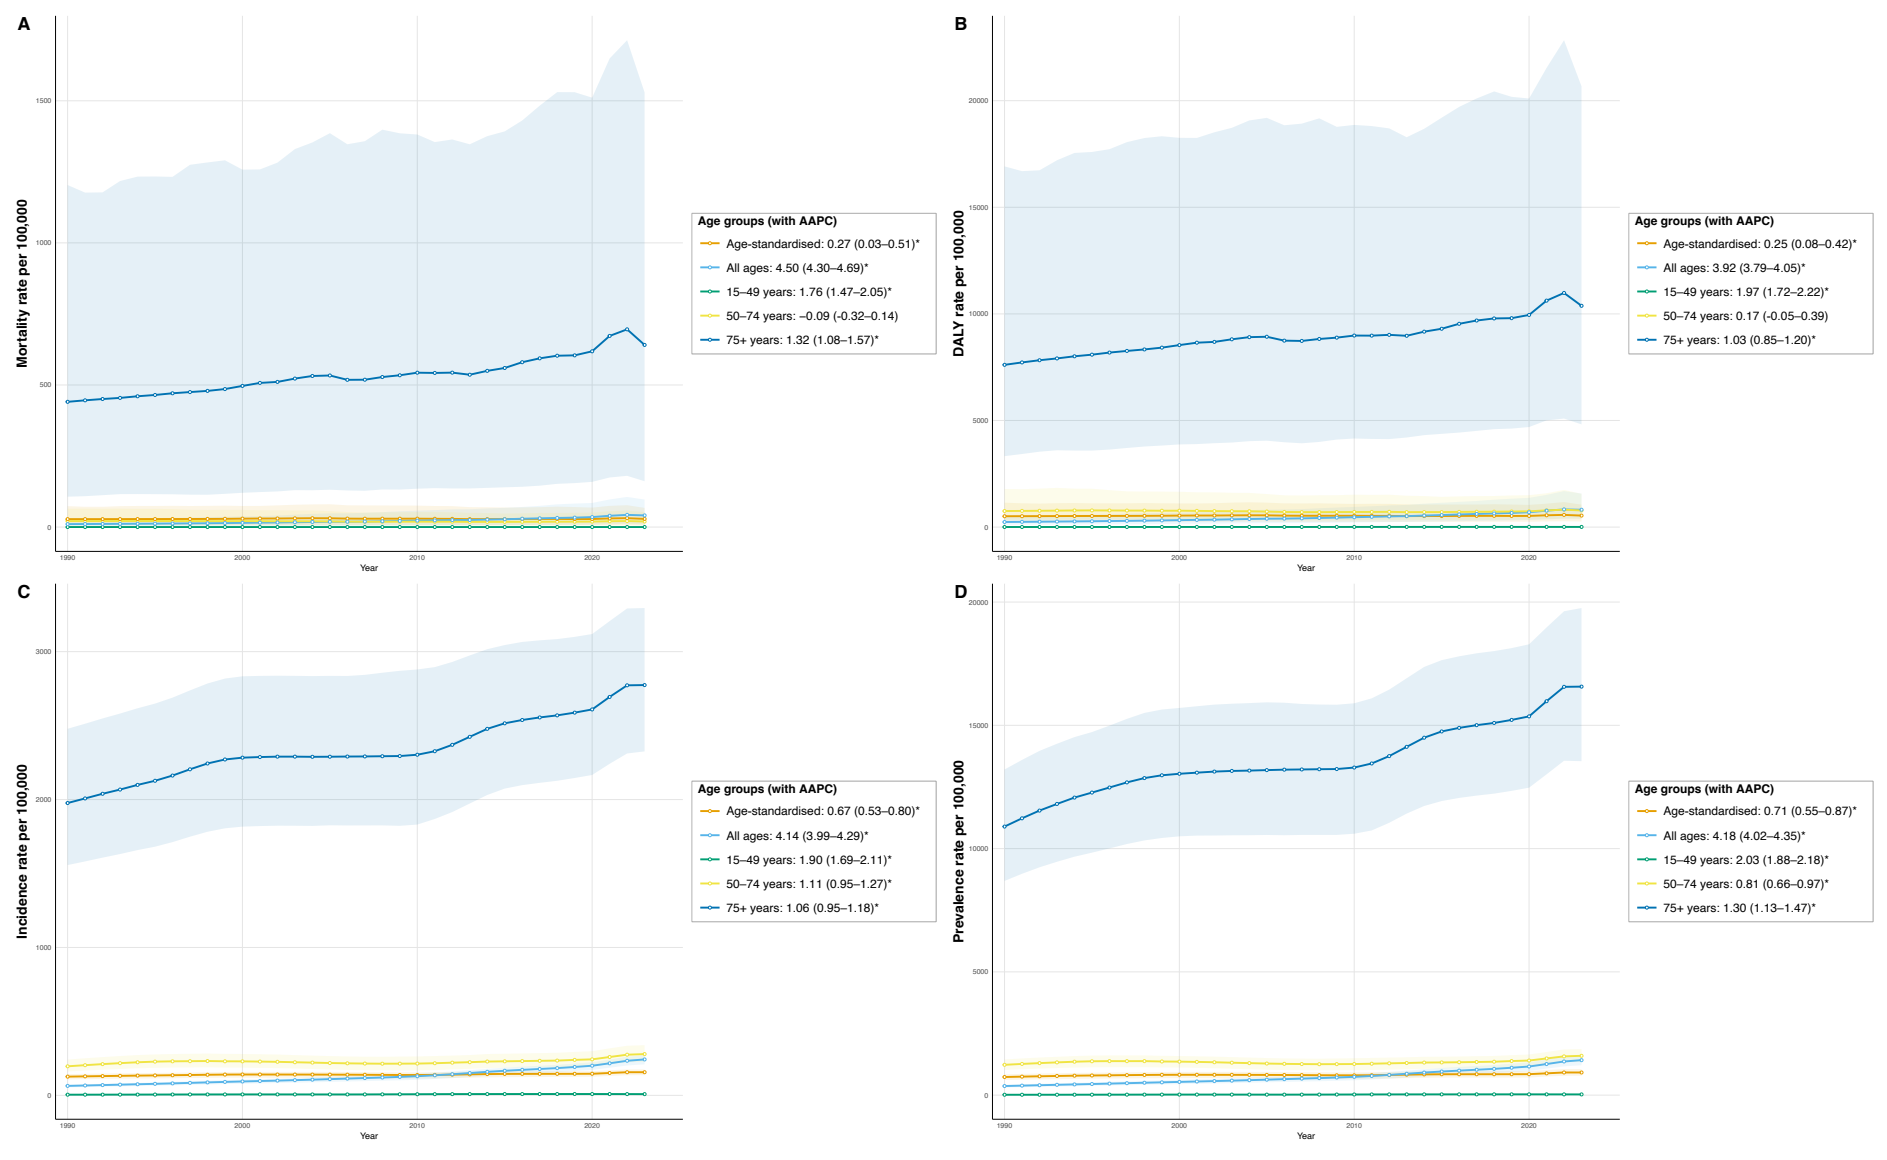

Fig. 1. Trends in Alzheimer's disease and other dementias indicators in China by age group, 1990–2023. (A) Mortality rate per 100,000 population; (B) DALY rate per 100,000 population; (C) incidence rate per 100,000 population; (D) prevalence rate per 100,000 population.

AAPC: average annual percentage change; DALY: disability-adjusted life year

Shaded intervals, where shown, represent 95% uncertainty intervals.

^a Indicates that the 95% confidence interval for the AAPC excludes 0.
